Night Lights

The Ojai Valley Inn & Spa is feeling a little more *Alice in Wonderland* thanks to its new sparkling alfresco art installation. In collaboration with Los Angeles lighting designer **PAUL FERRANTE**, "Illume" features a collection of 28 handcrafted lanterns that light up the resort's iconic 200-year-old oak tree. Ferrante's vintage-inspired Spanish revival designs include various shapes of wrought iron and glass hanging pendants, reflecting the inn's early beginnings in the 1920s and casting a magical, gasp-worthy glow. 905 Country Club Rd., Ojai, 855-697-8780, J.B.K.
